TRUE
FALSE

4. Draw a line between the matching responses.

There are three phases during every home visit. Match the 5 R's to the correct phase.

Entrance

Education

Exit

Review
Reminders
Rapport
Role play
Referrals

5. Choose the correct responses.

When role playing with families, the home visitor always remembers to do these things.

- A. Talk about last month's group meeting
- B. Provide the sample packet and props
- C. Make purposeful "mistakes"
- D. Make a schedule change for next time
- E. Repeat correct responses
- F. Introduce and explain new skills

6. True or False.

Both the home visitor and the parent can learn several critical aspects of role play when they take the part of the parent.

- TRUE
- FALSE

7. Choose the correct response.

A parent says she will not be able to meet with her home visitor until her work situation improves. The home visitor should:

- A. Call every week to find out how things are going
- B. Put the week's activity packet in the family's mailbox
- C. Continue role playing with an older sibling
- D. Discuss the situation with the program coordinator

8. Draw a line between the matching responses.

Match the initial phases of the home visiting process with the activities that occur in them.

Recruitment	Role play of weekly activity packet
Intake and application	Completion of HIPPY application. Families applying for TANF complete this as well.
First home visit(s)	Learn about the benefits of participating in the HIPPY program, along with the commitments required.
Ongoing home visits	Conduct any pre-testing, such as the Bracken School Readiness Assessment, etc.

9. Choose the correct response.

Personal information is gathered from HIPPY families and children during intake and initial home visits. What should a home visitor do to protect its confidentiality?

- A. Store it in a locked file cabinet at the HIPPY office.
- B. Keep it in the trunk of her car until the following week
- C. Give it to another home visitor to take back to the office.
- D. Stack it neatly on her desk.

10. Fill in the blank.

Home visitors can guide parents to create a supportive learning environment for their children by _____

Sharing phone apps

Establishing a regular time and routine for
HIPPY activities

Taking them to the library

changing their work hours

Keeping an open schedule

saving time
